Hi guys--

Just got word that our phone system in Silver Spring will be shut down for 15 min (hopefully not more) beginning at noon ET today. That's shouldn't impact our OR call at 1 but wanted to give you a heads up just in case the problem drags on and I'm late joining.

Jenny and Alan..if you still want to chat briefly about pesticides at 12:30, that should still work but just in case you can't reach me, you know why.

Action Items

- The NOAA team agreed to review the CWA 319 Penalties calculations issue paper and let the EPA team know if they have additional questions or concur on the recommended option.
- The legal team will review the rationale for interim approval for OSDS and New Development MMs and provide comments to Don Waye.
- The managerial team will review the rationale for interim approval for New Development MMs and provide comments to Don Waye. The managerial team will review OSDS rationale once legal team completes its review.
- Legal team will prepare talking points for management and to help the technical team craft a response to comments regarding additional management measures.
- Forestry/landslides team will provide the following information to the managerial team in the form of talking points: comparison to how Washington addresses high risk landslides' potential impact to water quality in forested areas; EPA/NOAA expectations and suggestions on how Oregon can address this additional MM; whether we have the data to identify landslide prone areas and nearby receiving waters.
- Alan will revise the Forestry/Riparian issue paper to reflect changes suggested at the meeting.
- Jayne will set up another call for early September *(set up two shorter calls with understanding that the calls can*

be cancelled if not needed. See invites.)
